

FREE SMOKE ALARM

SMOKE ALARMS SAVE LIVES

It is your first line of defense in the event your home catches on fire. Your risk of injury or death from a house fire increases as you age.

PLEASE DON'T BECOME A STATISTIC

If you are a SENIOR or DISABLED PERSON living in El Dorado County, your Local Fire Department will visit your home and test your smoke alarm.

If your smoke alarm needs a new battery, they will replace it for FREE. If you need a smoke alarm, they will install it for you for FREE.

There are 2 steps to join this FREE Program:

1. Contact us at the Pioneer Fire Protection District: (530) 621-4444 and request a home visit to have your smoke alarm evaluated.
2. When the Fire Department calls, make an appointment and mark it on your calendar. (You will be required to fill out a Waiver Form.)
