7.0 STANDING REPORTS

7.1 Fire Chief's Report

We are in the process of bringing a couple of new reserves on. We received 3 applications. One dropped out. The last JPA meeting – They relieved the director his/her duties; Sherri was appointed as Interim Director. Now that the ambulance service has signed a new 5 year service agreement with the county, County EMSA is going to require all the individual Districts with ALS and BLS engines to now have to have an individual contract with the EMSA. A service fee will be charged. It is not known now how this will be implemented, if this is a one- time fee or a fee per engine. Each piece of equipment will have to be inspected, which will also incur the district costs to do so. Because the costs of implementing this may be a hardship to the smaller districts, there may be a possibility of Districts being able to do self-inspections but it is unclear at this time. This will be discussed at the July 17th meeting of the Board of Supervisors. Discussion about how the new contract for ambulances works and how our district is served.

7.2 Report for Firefighter's Local #4586

Not too much new - still in negotiations, officers changed

Jason Ortiz: President

Kane Gardiner: Vice President

Scott Ramsey: Secretary

7.3 Report from PVFA

Meeting next Monday June 18th at 6pm and is open to anyone who would like to be involved. We have also invited as many as possible to discuss the future of PVFA. Dan and Lynette are going to step back and not be as involved, and are wanting the Fire Safe Council and Windows to My Soul and others that use PVFA supplies to step up and fill in the gaps.

7.4 Financials – Financial Reports

Allen Wood raised a question about object Line 4040 Telephone Vendor Payments of \$20,604.49 wondering if it was correct. Details will be provided at the July Board meeting.
